A field visit to NS Oils Ltd Kibbutz Saad Israel

Today, Sunday (20/11/2022), in the pre-noon hours, I visited the aforementioned factory building, accompanied by Danny, "one of the factory owners," and he explained to me in detail the distinctive method of producing oils from seeds using cold press process to produce the following products:

Almond Oil	Black Cumin Oil	Black Seed Oil - ThymoQuin®
Black Seed Oil - B'utyQuin®	Black Seed Oil – ThymoQuin Self Emulsified	Back Seed Oil – ThymoQuin O'Care
Black Cumin- ThymoQuin Powder	Flax Seed Oil	Golden Jojoba Oil
Colourless Jojoba Oil	Milk Thistle Oil	Mustard Oil
Passion Fruit Seed Oil	Pomegranate Seed Oil	Pumpkin Seed Oil
Safflower Oil	Sesame Oil	

directly from the field to the cold storage Prior to marketing locally and globally, according to the most advanced technologies emerging globally, with recording the source, production date and expiry date.

The component of the product in this factory has met all the necessary health conditions, according to the highest standards.

Products can be used daily or at intervals and it is halal according to Islamic law.
